For far too long...

For far too long we have neglected our responsibility to the nation. We have developed an insular theology, we have abandoned our nation to those who have plundered and raped it. We can afford this no longer.

We believe that there is prophetic call to the church to reemphasise its dual responsibility: to touch heaven and to change earth. That is, to bring men and women into the eternal purpose of God and also to transform societies and nations with the power and values of Gods kingdom. In essence, to be the salt and light to our nation.

The 2016 conference is a Nehemiah call. God in His infinite mercy is willing to give the church in Nigeria another chance to be re-salted so that the transformation process of our land will be faster than it is now.

...actively engage...

The purpose of this annual conference is to mobilize Christian leaders to pray and discuss the pressing spiritual, social, and leadership issues of our times. Also, it's a platform sensitize, mobilize, and empower Christians across the country to actively engage these issues with a view to advancing the purpose of God in our day.

The theme of the 2016 Transformers' Gathering is “Touching Heaven Changing Earth.”

Participants will be reconnected to the heavens in order to effect the genuine transformation that is needed in our nation. There is need for us to touch heaven in order to change the earth.

Who we are...

BRAIN—Bloodless Revolution Army in Nigeria—is a prayer and social action movement established by God to carry out a rescue operation to prevent Nigeria from imminent war that was looming over the Nation at that time; to deliver the poor and oppressed in the land, also to serve as one of the vehicles to birth a new Nigeria through intensive intercession and prophetic actions.

The movement was launched on October 1, 2013, with 200 Christians represented across several countries and denominations.

Our theme scripture is Exodus 3:7–10:

“And the LORD said, I have surely seen the affliction of my people which are in Egypt, and have heard their cry by reason of their taskmasters; for I know their sorrows; And I am come down to deliver them out of the hand of the Egyptians, and to bring them up out of that land unto a good land. Now therefore, behold, the cry of the children of Israel is come unto me: and I have also seen the oppression wherewith the Egyptians oppress them.”

Since inception we have been engaged in a year of unbroken chain prayers (1st Oct. 2013 - 1st Oct. 2014), monthly praying and fasting for the nation; a weekly global prayer network; mobilization of Christians in every state; and hosting of the Transformers' Gathering.

We are currently running a 2Years (2016/17) Nationwide Praying Programme in Partnership with Nigeria Fellowship of Evangelical Students (NIFES).

We have established partnerships with bodies both within and outside Nigeria, including, The Remnants, Nigeria Prays, Pray4Nigeria, NDOP UK, NIFES, Macedinian Initiatives and many others.

After he graduated from university, he practiced Engineering for 5yrs with the Mechanical Department, Lagos State Ministry of Works and Infrastructure. He finally went into full time ministry in 2005 with Living Waters Unlimited Church, Lagos and served there as an Assistant Pastor for 7 years before relocating to the UK in 2012 in fulfillment of the earlier mandate in 1996.
